Testimonials

Everything was fantastic on the wedding day and we wanted to thank you so very much again. We had lots of people saying how great the venue and the food were so thank you for that and for all your hard work.

Cory & Sarah

Where to start? We recently held our wedding reception here and it was the perfect decision. The venue looked stunning and everyone raved about it. The service and hospitality were fantastic on the day and we received so much support from the staff in the lead-up to the event allowing us to achieve our dream reception. I highly recommend hiring the Kitchen Garden Cafe for any function!

Rachel & Ryan

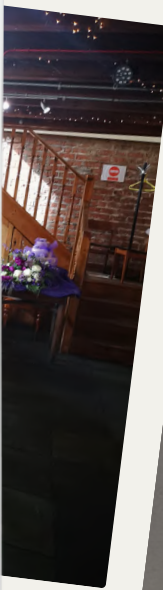

Our experience was perfect from start to finish. We were welcomed into this charming space for our first planning meeting. They made us feel welcome and valued from the very start. No idea was too big or too daft. What a powerhouse of enthusiasm and ability. The experienced manager turned the place from charming to magical as he transformed the cafe into our venue and ran the event with style and aplomb. Our guests keep mentioning even now how much fun they had and how blown away they were by the location, food, and what a great time they had. Thank you to everyone at the Kitchen Garden Café.
